

CO-SOURCING FROM PLAN-NET

AN END-TO-END SERVICE FOR IT SUPPORT RESOURCING

Co-Sourcing combines the control and stability of permanent staff with the flexibility of contractors as part of a complete end-to-end service. Our clients benefit from:

Our approach of thoroughly understanding your business needs and building a long-term partnership

Proactive Service Delivery from a dedicated and accessible single point of contact at Plan-Net

Absence cover models to guarantee capacity with trained staff familiar with your support operation

Performance management of deployed resource through KPIs, development & training

Resource management from our dedicated Service Desk Operation

CO-SOURCING VERSUS TRADITIONAL METHODS OF RESOURCING
